Nature is God's most beautiful creation. It felicitates the growth, development, and nourishment of all its creatures. They produce oxygen, clean soil, prevent drought, control flood-related disasters, prevent soil erosion, improve physiological, mental, and spiritual health, and also reduce carbon footprints. He advised the volunteers to think differently for Society to make positive changes and make improvements. He urged the volunteers to ensure proper care of the saplings. After the inspirational words of the guest and Principal, we all moved toward the place where the tree plantation took place. The very first tree was planted by Mr. Mukesh Pawar. Total trees planted by all others including teachers, volunteers, and local people were 20 on the day.
