Report on International Conference

Clara's College of Commerce organized International Conference on 16th March 2019 in the Fifth Floor Hall from 9.00am to 5.00pm. The topic for the conference was "World road to Cashless Economy". A cashless society describes an economic state whereby financial transactions are not conducted with money in the form of physical banknotes or coins, but rather through the transfer of digital information (usually an electronic representation of money) between the transacting parties. Cashless societies have existed from the time when human society came into existence, based on barter and other methods of exchange, and cashless transactions have also become possible in modern times. The term 'cashless Economy' moves towards a society where cash is replaced by its digital equivalent - in other words, legal tender (money) exists and is exchanged only in electronic digital form. So it is a need of an hour to discuss such a current change and boom. By keeping this view in mind, the college organized a conference on the said topic.

Dr. Madhu Nair, Ex. Principal, Nirmala College of Commerce, Member Academic Council and Board of Studies in Commerce, Dr. Arvind Luhar, Member Academic Council and Board of Studies in Accountancy, and Chairman of Indian Accounting Association (Thane Chapter), Dr. Sanjay Biyani, Dean, Professor and Head of the Department of Business Management, Saurashtra University, Rajkot, Dr. P.T. The spot registration began at 9.00 am. The conference inauguration took place at 10.30am at the hands of all the dignitaries on the dais by lighting the lamp and by offering a Pooja to Goddess

Saraswati. All the speakers stressed that Cashless Economy is a concept which has been discussed widely, particularly because the world is experiencing a rapid and increasing use of digital methods of recording, managing, and exchanging money in commerce, investment and daily life in many parts of the world, and transactions which would historically have been undertaken with cash are often now undertaken electronically. Dr. P.T. Choudhary delivered key note speech. The undercurrent of the many speakers and Key note address was to highlight the importance of Cashless Economy. The speakers stated that we have to go far as far as cashless economy is concerned.

Principal Dr. Madhukar Gitte, Clara's College of Commerce welcomed and felicitated all the guests. He introduced the theme of the conference to the gathering.

The Conference Proceeding was released in the conference at the hands of dignitaries on the dais. The inaugural session was proceeded with plenary session.
