### **Environment Policy:**

#### **About the Policy:**

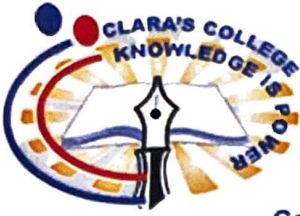

Clara's College of Commerce is aiming to adopt practices that promote inculcation of environmental consciousness among its stakeholders. It focuses on sustainable development. It strives to adopt all practices which will promote environmental consciousness and sustainable development.

#### **Policy Statement:**

Sustainable development is the need of the hour and all the efforts in this direction has to be taken by all. Clara's College of Commerce shall adopt practices which will create environmental consciousness among all the stakeholders in the campus and ensure all the measures regarding minimizing waste, inculcating energy saving practices and rendering environmental services in the society for sustainable development.

#### **Objectives:**

- To inculcate environmental consciousness among students and all teaching and non teaching staff.
- To train and encourage our employees to conduct their activities in an environmentally responsible and sustainable manner.
- To minimize waste creation.
- To inculcate energy saving practices.
- To render environmental services in the society.

### **Execution of the Policy:**

Environment protection is essential for sustainable development. The institution has responded to the call and Clara's College of Commerce has framed its institutional environmental policy. This Environment Policy is binding to all the Faculty Members, Students and all Stakeholders of the Institution so that we can reduce our ecological footprint.

Following are the key areas under practice-

- Installation of energy saving LED bulbs and tubelights.
- Installation of energy saving ACs.
- Usage of energy saving practices.
- Involvement in environmental programs like tree plantation drive, beach cleaning, flood relief rally, etc.
- Creating environmental awareness through expert talks, quizzes, competitions, etc.
