Mumbai.

Sub: Letter of appreciation.

Respected Sir/Mam,

We thank you and your teams of volunteers for organizing such a wonderful blood donation drive on,

Date	Number of Donors	Location
14/12/2023	211	Varsova, Andheri East Mumbai -

We at "Mahatma Gandhi" are indebted by your unmatched support towards this noble cause. We salute your uninhibited commitment towards eradicating the dearth of Blood from a metropolitan city like Mumbai. We would also like to add that the Blood procured from the Drive will go a long way in helping the patients of "Thalassemia Major" that we have adopted. Consequently it would give our endeavor of assisting these unfortunate children of Thalassemia a tremendous fillip. We have informed most of their families about your assistance and would also personally take this opportunity in expressing heartfelt gratitude on their behalf. Organizations such as yours ensure that the Blood transfusion schedules for these wonderful children continue unabated and in turn emphatically pave way for a successful fulfillment of the true spirit of Blood Banking that we conceived at inception.

We would like to mention that the camp was very well organized with enough care to make it very successful. It was really a wonderful experience for us and we are very thankful to you and look forward for your support in this noble cause in future.

We once again thank you for supporting us for this social cause.

Thanking You,

Kishore Jha
