THE FREESHIP POLICY OF THE COLLEGE

Introduction:

Clara's College of Commerce is located in the Western Suburban of Mumbai City at Yari Road, Versova, Andheri (West). Students coming to college belong to lower income groups, poor and illiterate families. Most of the students are first generation learners. As a result, students belonging to poor families are unable to pay college fees. Though education facility is available in this area, students are unable to take the benefit of higher education due to lack of sufficient financial resources.

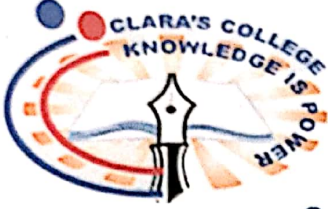

Objectives of the Policy:

- (1) To provide freeship to poor, needy and deserving students by the way of waiving their fees either fully or partly.
- (2) To provide financial support to needy and deserving students to participate in various NSS, cultural and sports activities.

Policy Statement:

The institute caters to the holistic development of every student and strives to ensure that the objectives of education percolate into every strata of society. Poor students find it difficult to pay college fees and to pursue higher education due to limited income and financial resources. The management of the college decides to provide financial support so that the poor and needy students can continue their higher study.

The college provides freeship in the form of waiving college fees fully or partly depending on the request of the students and their financial condition. It is the policy of the management to waive all the fees of those students who lost their parent (s) during the Covid-19 pandemic. The management of the college also consider the cases of international students sympathetically and provide concessions in college fees to these students.

Procedure of the Policy:

Students who want freeship/ concession in college fees have to apply in writing to the Management with all details through the College Principal. Such applications are submitted to the management by the Principal for approval. After receiving approval from the management, the office gives concession in college fees to the concerned students. If a student approaches the management personally for fee concession, management uses to convey the message to the office regarding fee concession.

Conclusion:

Management provides freeship /concession in college fees on the basis of financial condition, need and request of the students. Depending on the case, fees are either fully or partly waived by the management.
